

## CEWELD Ni-Rod FM 99

**TYPE** Pure Nickel welding wire for joining cast iron.

**APPLICATIONS** CEWELD Ni 99 FM 99 is developed for welding ductile, grey and malleable cast irons. Ni 99 can also

be used for dissimilar welding between cast iron and low alloyed steel or carbon steels.

**PROPERTIES** This Nickel weld deposit offers a easily machinable weld deposit with high ductility and no undercut.

**AWS** CLASSIFICATION A 5.15: E Ni-Cl

EN ISO 1071: E C Ni-Cl-1

Welding ductile, grey and malleable cast irons. Ni 99 can also be used for dissimilar welding SUITABLE FOR

between cast iron and low alloyed steel or carbon steels to prefend problems in the heat effected

zone. (HAZ)
